Pam D. Jones, resident

Mayor Combs, Vice Mayor Nash, Councilmembers Taylor, Wolosin, Mueller and Staff,

MidPen Housing Inc. worked with the Belle Haven neighborhood on the number of units, height, and architectural design for their Menlo Gateway (1317-1385 Willow Road) project. The current project is a result of meetings MidPen held with residents in 2018. At that time, they were unable to commit to a home-buying program, but they agreed with the value homeownership brings to a community. This project addresses the community need and desire of ownership to prevent further displacement of residents.

What is most important is MidPen’s proposal is creating a land trust that will be community controlled. A Belle Haven Community Land Trust will enable Menlo Park to have transparent land preservation program and prevent further displacement. MidPen’s step-by-step partnership is based on their long history of developing affordable housing and now affordable homeownership.

Details such as offering units to residents who have been displaced over the past number years, will need to be addressed. If we begin working with people in the community now, there will be a large pool of residents prepared to become homeowners in the neighborhood where many have lived for decades. This is a significant opportunity that will begin to change the lives of future generations.

I strongly urge the Council to do what ever is necessary to move this request forward and ensure its success.

Respectfully,

Pam D. Jones
335 PIERCE ROAD HOUSING PROPOSAL
Study Session
AGENDA

- Staff introduction
- MidPen Housing presentation
- Questions
- Feedback and direction to staff
NOFA BACKGROUND

- **November 2020:** City released $10 million notice of funding availability (NOFA)
- **January 2021:** City receives three NOFA proposals
- **February 2021:** $5.5 million approved for purchase of 6-8 Coleman Place by HIP Housing
- **May 2021:** $1.2 million approved for a homeownership preservation program by Habitat for Humanity
- **November 2021:** pending $3.6 million toward 12 new townhomes for BMR ownership by MidPen Housing
MidPen owns two parcels at 335 Pierce Road
- one vacant parcel, one 4 unit apartment building

Proposal to build 12 townhomes for low income, first time homebuyers
- Current zoning only allows up to 4 units

MidPen proposing the creation of a community land trust (CLT)
- Land trust allows affordable ownership in perpetuity
- CLT board includes community members

Funding approval of the project, to be determined at later date, would be conditional based on:
- zoning amendments as part of Housing Element Update; and
- successful creation of a community land trust (CLT)
Section 13.3 of the BMR housing program guidelines outline eligible uses of the BMR housing funds
- Creation of a CLT is not specifically listed in section 13.3

First CLT funding proposal the City has received
- City Council direction on this item would set a precedent for future CLT proposals

Proposal at 335 Pierce Rd. would produce an increased amount of BMR housing units
- 4 existing rental units; tenants would be relocated and considered for purchase opportunity
- 12 new “low” income ownership units; majority of City’s ownership portfolio at moderate income

Formation of CLT could be considered eligible use if directed by City Council
1. Use of funds for MidPen to create a CLT as it relates to approved uses of the BMR housing funds (section 13.3 of the BMR housing program guidelines)

2. Initial disbursement of $200,000 in BMR housing funds to MidPen to support legal formation of a CLT and community engagement

- Staff would return to City Council with specific recommended actions based on the direction of the above items.
