PUBLIC HEARING
WATER SHORTAGE EMERGENCY
March 1, 2022 – Pam Lowe
RECOMMENDATION

1. Declare a water shortage emergency
2. Implement drought stage 1 measures per the adopted 2020 Water Shortage Contingency Plan
3. Adopt a Water Conservation Plan
MENLO PARK MUNICIPAL WATER

- 100% supply purchased from San Francisco Public Utilities Commission (SFPUC)
- Approx. 4,300 service connections
- Water service for half of the City
- Bay Area Water Supply and Conservation Agency (BAWSCA), represents 26 water entities, that purchase wholesale water from SFPUC
Based on SFPUC’s Water Supply Agreement, Water Shortage Allocation Plan
- Tier 1 Plan allocates available supplies between SF Retail / Wholesale Customers
- Tier 2 Plan allocates water among the Wholesale Customers

SFPUC will compare wholesale purchases to water budgets for 12 months

For now, no excess use charges for voluntary reductions, however, that will change if there are mandatory reductions in the future
SFPUC MONTHLY WATER BUDGETS FOR MPMW

Actual Water Purchases vs. SFPUC Monthly Budgets

CCF

- 4% for January

SFPUC Monthly Budget
2022 SFPUC Purchases
WATER SHORTAGE
CONTINGENCY PLAN (WSCP)

- Adopted in May 2021
- A plan to reduce demand and augment available supply for single and multiple dry years
- Outlines proposed actions for six drought stages ranging from “up to 10%” to “greater than 50%” water use reductions
- Considers water regulations adopted by the State Water Board or SFPUC, our water wholesaler
- Allows flexibility for the City Council to incorporate additional conservation measures
- Follow Water Code section 350 to declare a water emergency (hold a public hearing and provide appropriate notice of the meeting to the public)
## STATE WATER BOARD
### DROUGHT ACTIVITIES

<table>

Seven (7) prohibited actions became law on January 18:

- Applying water to outdoor landscapes that cause more than incidental runoff.
- Washing vehicles without an automatic shutoff nozzle.
- Washing impervious areas unless it addresses an immediate health and safety need.
- Irrigating turf and ornamental landscapes within 48 hours of measurable rainfall (1/4” of rainfall) - does not apply to trees.
- Using/filling/topping off decorative fountains, lakes, or ponds with potable water unless pumps recirculate water.
- Irrigating turf on public medians.
- Using potable water for street cleaning or construction site preparation purposes unless no other method is available (e.g., mixing concrete) or as needed to protect the health and safety of the public.
STATE WATER BOARD
EMERGENCY REGULATIONS

- Remain in place for 1 year unless they are ended, modified, or readopted
- Water agencies may enforce them through infractions of up to $500 per event
- Exceptions allowed for water use for health and safety needs
- To meet state law, must either:
  - Implement drought surcharges
  - Enforce an ordinance with fines up to $500 for water used above a permitted amount (water budgets for individual customers)

- Per Menlo Park Municipal Code, Chapter 7.35 (Water Conservation), the City must adopt a Water Conservation Plan in order to implement regulations imposed by the State and/or SFPUC.

ADDITIONAL DROUGHT MEASURES

Additional drought measures (included in the WSCP stages 1 and 2)
- Hotels and motels shall provide guests an option whether to launder towels and linens daily.
- Restaurants and other food service operations shall serve water to customers only upon request.
- Broken or defective plumbing and irrigation systems must be repaired or replaced within a reasonable period, not exceeding seven days.
- Recreational water features shall be covered when not in use.
- Newly constructed homes and buildings must irrigate with drip or microspray only.
DROUGHT STAGE ADOPTED BY OTHER AGENCIES

- Staff surveyed other BAWSCA agencies nearby
  - California Water Service, Bear Gulch District - Stage 1
  - City of Brisbane - Stage 1
  - City of Mountain View - Stage 1
  - City of Palo Alto - Stage 1 (3/8 Council meeting)
  - City of Redwood City - Stage 2
  - City of Sunnyvale - Stage 2

- With voluntary reductions, SFPUC will begin 5% drought surcharges for their SF retail customers starting April 1st, and the City of Brisbane’s has implemented a drought surcharge since February 2018.
RECOMMENDATION

1. Declare a water shortage emergency
2. Implement drought stage 1 measures per the adopted 2020 Water Shortage Contingency Plan
3. Adopt a Water Conservation Plan
   - State Water Board regulations
   - Additional conservation measures
   - Education and enforcement
   - Drought surcharge for stage 1 – start July 1 on water bills
THANK YOU
- 100% supply purchased from San Francisco Public Utilities Commission (SFPUC)
- Approx. 4,300 service connections
- Water service for half of the City
WATER SHORTAGE CONTINGENCY PLAN (WSCP)

- Adopted in May 2021 with the Urban Water Management Plan
- A plan to reduce demand and augment available supply for shortage conditions
- Outlines proposed actions for six drought stages ranging from “up to 10%” to “more than 50%” water use reductions
- Considers water regulations adopted by the State Water Board or SFPUC, our water wholesaler
- Allows flexibility for the City Council to incorporate additional conservation measures
- Includes enforcement measures available to achieve conservation
MUNICIPAL CODE. CHAPTER 7.35
WATER CONSERVATION

- Provides the City with flexibility to respond to any drought emergency or reductions in available water supply
- The WSCP is not enforceable in itself
- The current code does not allow for enforcement
- States that the City shall adopt, by resolution, a Water Conservation Plan to enforce State Water Board or SFPUC regulations
MUNICIPAL CODE 7.35
WATER CONSERVATION

Proposed revisions:
1. Provide for enforcement of mandatory conservation measures upon declaration of drought emergency by City Council
2. The City may adopt, by resolution, a Water Conservation Plan to enforce State Water Board or SFPUC regulations

Staff recommendations:
1. Introduce an ordinance to amend Municipal Code section 7.35

PARKING RESTRICTIONS ON A PORTION OF EL CAMINO REAL AND COLLEGE AVENUE

City Council Meeting: March 1, 2022
AGENDA

- Background
- Evaluation
- Complete Streets Commission feedback
- Council Action
BACKGROUND

Middle Plaza at 500 El Camino Real Project

• Stanford University redevelopment consisting of 10,286 square feet of retail/restaurant uses, 142,840 square feet of non-medical office use, and 215 residential units

• Project is under construction with anticipated completion date in 2022

• Required off-site improvements include the intersection of El Camino Real and Middle Avenue
BACKGROUND

Future Bicycle Facilities

- El Camino Real Corridor Study – undertaken by the City in 2015 to develop community consensus around a conceptual plan for El Camino Real. City Council accepted the study and identified buffered bicycle lanes as the preferred alternative.
- Transportation Master Plan – includes projects to develop buffered bike lanes on El Camino Real within the city limits.
- Peninsula Bikeway Study – identified El Camino Real as preferred alternative for low stress, separated bikeway.
EVALUATION

No parking restriction on the west side of El Camino Real between Middle Avenue and College Avenue

- Middle Plaza off-site improvements at El Camino Real at Middle Avenue will add crosswalk on southerly leg of the intersection and install 2-foot raised concrete median between Middle Avenue and College Avenue
- Requires removal of approx. 8 on-street parking spaces between Middle Avenue and College Avenue
EVALUATION (EXISTING INTERSECTION – EL CAMINO REAL AT MIDDLE AVENUE)
EVALUATION (EXISTING MEDIAN ISLAND WITH FLEXIBLE POSTS)
EVALUATION (OFF-SITE IMPROVEMENTS)

New 2’ Median

New Crosswalk
EVALUATION

No parking restriction on the east side of El Camino Real between the southerly driveway of 700 El Camino Real and Menlo Park/Palo Alto city limit

• Future buffered bike lanes and on-street parking removal on El Camino Real within city limits identified in the El Camino Real Corridor Study, TMP, and Peninsula Bikeway Study
• Approx. 8 on-street parking spaces between southerly driveway of 700 El Camino Real and Middle Avenue
• Approx. 25 on-street parking spaces between Middle Avenue and Cambridge Avenue
• Approx. 34 on-street parking spaces between Cambridge Avenue and city limit
EVALUATION (CONT’D)

- Stanford University – is providing underground parking structures and surface parking lots to meet project’s parking requirements
- Stanford Park Hotel – has surface parking lots for its workers and hotel guests and will have a new connection to signal at Cambridge Avenue
COMPLETE STREETS COMMISSION FEEDBACK

- Public Feedback
  - Impacts to small businesses on west side of El Camino Real
  - Bus parking for Stanford Park Hotel

- Commission Direction
  - Identify parking alternatives for the small businesses and observe existing parking conditions
PARKING OBSERVATIONS

- El Camino Real
  - Currently not heavily utilized
  - Past Google Street View history shows one date of 7 vehicles parked, typically 3 to 5 vehicles

- College Avenue
  - 4 to 5 vehicles parked (mostly the same vehicles for multiple hours)
COUNCIL ACTION

- Adopt resolution to approve the following:
  - Remove approx. 8 parking spaces on the west side of El Camino Real between Middle Avenue and College Avenue
  - Remove approx. 67 parking spaces on the east side of El Camino Real between the southerly driveway of 700 El Camino Real and Menlo Park/Palo Alto city limit
  - Install one-hour parking on the south side of College Avenue from El Camino Real to approximately 160 feet westerly and update on the north side of College Avenue to between 9 AM and 6 PM Monday to Friday except Holidays

CONSIDER AN APPEAL OF UNIVERSITY DRIVE ON-STREET PARKING REMOVAL

City Council Meeting: March 1, 2022
AGENDA

- Background
- Project timeline
- Evaluations
- Recommendations
BACKGROUND (AT MILLIE AVE)

Millie Ave. at University Dr. (view to the left)

Millie Ave. at University Dr. (view to the right)
BACKGROUND (AT ROSE AVE)

Rose Ave. at University Dr. (view to the left)

Rose Ave. at University Dr. (view to the right)
BACKGROUND

- Minimum stopping sight distance for 25 mph: 155 feet
- Requires ~43 feet of red curb on each side
Jan. 12: Complete Streets Commission approved projects
Jan. 21: The City received an appeal, for the following reasons:
- Use of on street parking by employees to free on-site spaces for tenants / visitors
- Generally fully occupied from Monday to Friday
- Millie Avenue and Rose Avenue serves local residents only
- Require same awareness as other locations
- Visibility can be achieved by pulling out slowly
- Excessive speed on University Drive
EVALUATIONS

- Millie Avenue and Rose Avenue serves local residents
- Stopping sight evaluations account for advancing sight lines beyond stop bar
- Speeding on University Drive would exacerbate sight distance need
- Transportation Demand Management Coordinator available to provide TDM program information
RECOMMENDATIONS

- Deny the appeal
- Adopt resolution to remove four parking spaces at Millie Ave.
- Adopt resolution to remove two parking spaces at Rose Ave.
