Report prepared by:
Sean Reinhart, Library and Community Services Director
Recommendation
Staff recommends that the Commission review the revised Library Use Guidelines (Attachment A).

Policy Issues
As a duly appointed advisory body to the City Council, the Library Commission may review and recommend updates to library user policies and guidelines as the need arises.

Background
The Library Use Guidelines govern the public’s use of library facilities, programs, and materials. Important considerations associated with the Library Use Guidelines include:
- Assuring equitable access to library facilities and resources for all community members;
- Maintaining a safe, clean and welcoming library environment for all library visitors;
- Facilitating the smooth and effective functioning of library operations; and,
- Ensuring a healthy, safe and productive workplace environment for staff and volunteers.

The Library Use Guidelines were previously reviewed and recommended by the Library Commission in June of 2021. The guidelines for children and teens were updated in September of 2021.

Analysis
The Library Use Guidelines (Guidelines) are intended to foster a public environment that is safe, welcoming, and inclusive for all community members by establishing clear expectations and rules for the shared use of the library building, library materials, and library services. It is appropriate and necessary to conduct regular reviews of the Guidelines and to update them as the need arises and in response to changing community needs and expectations over time. The COVID-19 pandemic revealed a need to update the Guidelines to account for virtual events with members of the public participating remotely. The revised Guidelines (Attachment A) provide clarity around remote participation in programs for children and teens.

Unattended Children and Youth

The library is a public place. Do not leave children unsupervised or unattended. It is the responsibility of parents and guardians to ensure their children's safety, welfare, and appropriate behavior in the library. Library staff are not available to provide childcare for any duration of time. Library staff are not authorized to assume responsibility for the direct supervision, safety, or welfare of any child in the absence of a responsible caregiver.

Children under the age of 6 should never be left unattended in any part of the library, including areas designated for children. A parent, guardian, or responsible caretaker must always remain within sight of their child, including during story time or other programs.

Children ages 6-10 must have a parent, guardian, or designated caregiver over the age of 14 (for example, an older sibling) remain in the library with them at all times. The caregiver is responsible for the safety, behavior and supervision of the children in their care while at the library.

Older children ages 11 and up may visit the library unattended by an adult but should never be left alone for extended periods of time and never outside library open hours. Parents/caregivers are responsible for the safety, well-being, and behavior of their children. It is recommended that older children have a cellphone or other method to contact their parent or guardian. If a child needs assistance to call home, library staff will dial the number for them. The library has areas designated and reserved for exclusive use by children and teens and their caregivers. Adults over 18 who are not accompanied by a child or teen in their care may not visit these areas except to briefly access the library book and media collection, seek assistance from library staff, or attend a program with staff's approval.

All library patrons, including children and teens, are expected to follow the Menlo Park Library Use Guidelines.
• Caregivers must pick children up at least 15 minutes before the library's posted closing time.

If a child is observed to be unattended by an adult or caregiver in the library and the child seems upset, disruptive, in distress, at risk, or otherwise in need of adult help, library staff may take one or more of the following actions:
• Make contact with the child to assess their well-being
• Attempt to reach the adult/caregiver by paging them over the public address system, or directly by phone;
• Walk through the library building with the child to look for child's adult/caregiver;
• Contact emergency services and/or law enforcement.

If a child is left unattended in the library at closing time, library staff will attempt to contact the parent or legal guardian. If a parent or guardian cannot be immediately contacted, or if a parent/guardian is unable to immediately pick up the child, staff will contact local law enforcement to assume responsibility for the child’s well-being.

Library Events

Library events are open to the general public. Advance registration may be required for planning purposes or when space is limited. Events may be held on-site, off-site, or virtually. Event participants, whether onsite, offsite, or virtual, must comply with the Library Use Guidelines.

Youth events are created for participating youth and their caretakers. Adults who are not accompanying a youth participant may be asked to leave the event.

While hosting a virtual event, library staff may take one or more of the following actions as needed to ensure compliance with these guidelines: mute attendees, lock the event after the program has begun, dismiss participants or take other actions as needed. During virtual events, participants may be asked to turn on their cameras so that staff can identify them. Unidentified or unidentifiable individuals may be removed from the event.
Enforcement

Failure to follow these Guidelines will result in the following actions:
- Individuals will be asked to leave.
- Library visiting privileges may be suspended for an extended time period.
- Library staff may call local law enforcement to provide assistance in enforcing these Guidelines.
- Illegal activity in the Library may result in arrest and/or prosecution in addition to suspension of Library privileges.
- Customers who return to the Menlo Park Library before a suspension has ended may be charged with trespassing.

Additional information

- In case of an emergency, promptly follow all library staff instructions.
- Theft of Library property, or property of Library staff, or property of Library visitors is prohibited.
- State law permits library staff to search purses, bags, parcels, briefcases, and other packages to prevent the theft of books and library materials and authorizes the detention for a reasonable period of any person using these facilities who is suspected of committing library theft (California Penal Code section 490.5.)
